

FOLDABLE SOLAR PANEL

POWER SPECIFICATIONS: 200W

FOLDABLE SOLAR PANEL

As a foldable, good-looking and high efficient outdoor power supply solution, Sunport solar charging panel can meet the power requirements of various scenarios such as RV, camping, fishing, etc.

Convenient design,
Easy to use and store

MWT technology,
Improved efficiency

Adjustable bracket,
Better charging effect

2D encapsulation structure,
Higher reliability

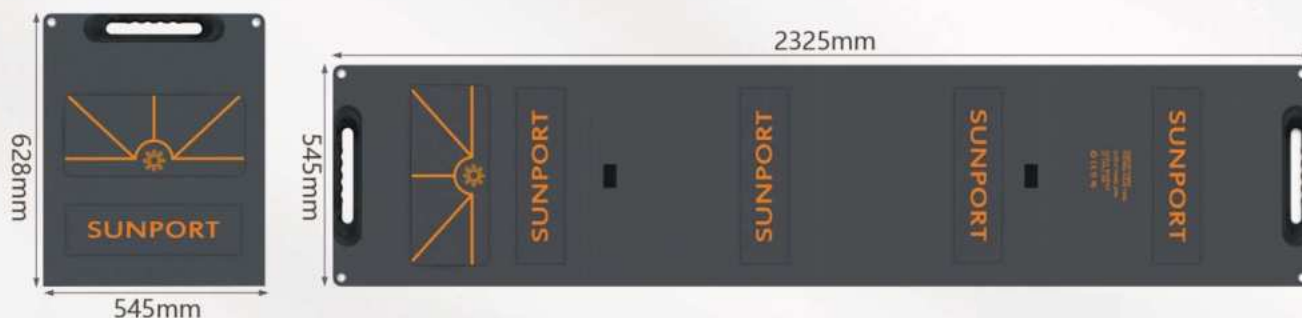

PARAMETER SPECIFICATION

Product Model	PV-PFSP200
STC Peak Power	200W±5%
Battery Efficiency	≥21.8%
Short Circuit Current	10.34A
Open Circuit Voltage	28.56V
Max-Power Point Current	9.33A
Max-Power Point Voltage	21.35V
USB Output	5V3A/9V2A/12V1.5A
Type-C Output	5V3A/9V2A/12V1.5A

Product Model	PV-PFSP200
Expanded Size(mm)	2325*545*5
Folding Size (mm)	628*545*30
Weight(Kg)	6.5
Fold Times	4
Module Operating Temperature	20°C-70°C
Waterproof Grade	IP55
Material	Monocrystalline
Connector	USB/Type-C/MC4

DIMENSION

ATTACHMENT

Model	Item	Description
Adapter Cable		MC4 to XT60 Connector Adapter
Adapter Cable		MC4 to Anderson 1327 & 1327G6 Connector Adapter
